Design & creation - FAIVRE Communication 05-2016

FAIVRE company has developed a new model of Pescamotion to transfer live fish up to 700g* (Salmonids).

The Pescamotion 6 Plus is simply the best fish pump.

Our design team put 8 months of development into optimizing the design of the new pump housing and its propeller.

www.faivre-aqua.com

A new 6" (150mm) fish pump that is light weight, handy and with better performance.

Ideal for supplying a grader for transferring from a tank or loading lorries.

The Pescamotion 6+ pump can adapt easily to all situations.

New design
=
